SPECIAL CONDITIONS

- (1) The Contractor is responsible for the maintenance of Traffic Signal systems of the Olcott Mawatha mentioned in Annex-A for one year from 01.01.2023 to 31.12.2023. All details such as Junction, type of the Controller, no of heads in each Junction, etc. are described in Annex-A.
- (2) During the contract period, the Contractor should undertake the following work:
 - (a) Repairs or replacement of any part of the control boxes due to which the signals are not functioning.
 - (b) Repairs or replacement of any part of the traffic signal heads including traffic signal bulbs, holders, transformers, brackets top caps, etc.
A snorkel will be provided to the contractor when required for the material replacement only on cantilever heads.
 - (c) Rectification of faults of the controller due to the aging of controllers, natural electronic component failures, accident damages, electrical overloading, and lighting damages.
 - (d) Rectification of faults of any part of the Traffic Signal Heads due to aging, natural failure, accident damages, electrical overloading and lightning damages, etc.
 - (e) Identification of faults due to which the signals are not functioning and co-ordinate with CMC officials.
 - (f) Cleaning of all printed circuit boards in the control box once every six months.
 - (g) Replacement of all fuses in the control box whenever required.
 - (h) Diagnose faults using the handset terminal.
 - (i) Daily inspection of all traffic signals and submit a performance report to CMC on daily basis.
 - (j) Carrying out repairing works of the damages due to accidents. The repairing cost has to be borne by the parties involved in the accident and CMC will facilitate with the assistance of the Sri Lanka Police. However, if the parties involved in the accident cannot

be identified, the related repairing cost has to be borne by the Contractor.

- (3) Before undertaking maintenance work specified in (c), (d), (f) & (g) of the above, Company should inform the Director (TDRS), of the dates and the relevant control boxes for which the maintenance work is carried out. Once the work is undertaken, Traffic Engineer should certify that the work has been carried out satisfactorily.
- (4) Contractor is responsible for carrying out daily inspection work to detect faulty locations and attend to them with immediate effect. If the fault is outside the scope of the contractor, he should inform in writing to Director (TDRS) within 24 hrs. If the fault is within the scope of the contractor, he should attend to the fault within 2 days & inform in writing to Director (TDRS) informing that the work has been attended to & rectified.

Failure by the contractor to attend to such repairs within the stipulated time frame, work would lead to a deduction of Rs.1,000/- per fault per day exceeding 3 days of correction time unless otherwise a reasonable justification is given for such a delay. Alternatively, the company is committed to undertaking any repairs identified by their observations or by public complaints after informing the Traffic Engineer.

- (5) The Contractor is exempted from the maintenance work such as washing, painting, and repairing of poles, repairs to cable faults including necessary civil works at the site.
- (6) The Contractor should have 24 hours communication facilities so that they can be contacted at any time of the day.
- (7) The Contractor will be paid maintenance charges at the end of each quarter of the year of the contract.

- (8) The Contractor should employ workers skilled/unskilled, supervision staff, and vehicles along with exclusive vehicles for maintenance work.
- (9) The DMC (Eng. Ser.) has the right to cancel the agreement without any notification to the Contractor in case of unsatisfactory performance of works or violation of terms and conditions of this agreement.
- (10) The Contractor should have relevant software of the controller to carry out the maintenance work satisfactorily.
- (11) The Contractor should bare any cost of damages to Municipal, private, or any other property which may occur during the repairing works.
- (12) Separate officer should employ for the daily inspection works. The inspection report of all traffic signals has to be submitted to CMC on the following day before 9.00 am. If the contractor fails to deploy a separate officer for daily inspection, a penalty of Rs. 2,000.00 per day and if fails to submit the daily inspection reports as specified, a penalty of Rs. 2,000.00 per day will be imposed.
