COLOMBO MUNICIPAL COUNCIL
CENTRAL PROCUREMENT DEPARTMENT

Terms of Reference for Individual Consultant (ICT) for Consultation of Information and Communication Technology Matters of Colombo Municipal Council.

1. Background

- 1.1. Colombo Municipal Council (CMC) is the largest Municipal Council in Sri Lanka and manages a budget of over 15 Billion annually. CMC has 16 separate Departments (See the Annexure – 01 for the Departments and Divisions of them) for the administration of the citizen services such as public health and curative services, solid waste management, maintenance of roads, Lands and Environmental Development, street lighting, water and drainage, and veterinary services. In addition to these, there are a number of Departments providing social services, sports, and recreation, library services together with finance, rates, secretarial, and training departments.
- 1.2. CMC is using several ICT systems for the purpose of increasing the effectiveness and efficiency of the service delivery process and internal management processes. (Please see Annexure – 02 for the list of ICT Systems of CMC).
- 1.3. CMC has servers, networks, and hardware at the head office and its other premises. (Please see Annexure – 03 for the list of servers, networks, and some main hardware of CMC).
- 1.4. CMC is planning to use ICT to improve the quality of the service delivery process and quality of the internal management processes by upgrading the existing systems and introducing new systems.
- 1.5. In these circumstances, CMC anticipates obtaining the service of a qualified ICT consultant to assist CMC in the ICT-related initiatives.

2. Purpose of Assignment

- 2.1. The purpose of this assignment is to hire an individual consultant to CMC to obtain the required expert knowledge for all the ICT-related initiatives of CMC.

3. Duties and Responsibilities of the Individual Consultant

- 3.1. The Individual Consultant shall provide the following technical services to the CMC:
 - 3.1.1. for smooth operations, timely maintenances, and consultation for troubleshooting of all the existing ICT related initiatives of CMC which are listed but not limited in Annexure – 02,
-

- 3.1.2. Consultation to develop new enhancements when required for the existing ICT related initiatives of CMC,
 - 3.1.3. to facilitate the identification of the requirements, to prepare required documents, to develop and/or procure new ICT related systems where necessary for the effectiveness and efficiency of the functions of CMC,
 - 3.1.4. Consultation to maintain the proper functionality of all the networks, servers, and hardware which is related to ICT related initiatives of CMC those are listed but not limited in Annexure – 03.
- 3.2. The Individual Consultant shall ensure:
- 3.2.1. proper operations of all ICT related systems, networks, servers, and hardware of CMC,
 - 3.2.2. coordination with related parties,
 - 3.2.3. the relevant parties of CMC are kept fully informed about the current situation, history, and forecasted situations of all ICT-related systems, networks, servers, and hardware.
 - 3.2.4. More specifically,
 - 3.2.4.1. engage in coordination and facilitation of project activities, operations, and administration of ICT activities of CMC,
 - 3.2.4.2. provide 2nd and 3rd level support as specified below:
 - 3.2.4.2.1. 2nd level support - In-depth technical support such as Consultation system administration tasks, instance issues, network issues, volume issues.
 - 3.2.4.2.2. Initiate and facilitate 3rd level support requests where third-party vendors are involved. This may include, consultation, expert input, and support services and root cause analysis including the performance monitoring of ICT activities of CMC,
 - 3.2.4.3. Liaise with vendors and other IT personnel where necessary,
 - 3.2.4.4. Consultation on managing the network and monitoring of all installed systems and infrastructure,
 - 3.2.4.5. Take preventive and corrective actions, when required.
-

4. Required Outputs

- 4.1. Provide monthly action plans for each upcoming month,
- 4.2. Assurance of the operation and Maintenance of ICT systems, networks, servers, and hardware according to the Service Level Agreements (SLAs),
- 4.3. Accurate and completed documents and reports when required,
- 4.4. Facilitate the coordination across the relevant staff members in the ICT related activities,
- 4.5. Provide monthly progress reports on the progress of activities.

5. Conditions of Consultancy Service

- 5.1. The selected individual consultant will report directly to the Municipal Commissioner and will work closely with all the staff members of CMC
- 5.2. The Consultant is expected to submit on time the monitoring templates which will be given by CMC.
- 5.3. The consultant must work 20 hours per week within the working hours of government service at the office which will be provided by the CMC within the premise of its head office.
- 5.4. The assignment period will be on a 36-month part-time basis.
- 5.5. Payment will be made on a monthly basis at end of the month.

6. Qualifications and key competencies of the Consultant

- 6.1. Bachelor's Degree or equivalent qualification in Computer Science, Electronics, Telecommunication, Network Engineering, or equivalent qualification related to this consultancy service from a recognized university/institution.
 - 6.2. Master's Degree in Computer Science, Electronics, Telecommunication, Network Engineering, or equivalent qualification related to this consultancy service from a recognized university/institution.
 - 6.3. At least 10 year's experience after graduation and a minimum of 05 year's experience in a similar profession.
 - 6.4. Excellent problem-solving skills and ability to troubleshoot complex problems under pressure.
-

- 6.5. Experience in programming languages of RPGLIE (Report Generation Language Intermigration Execution) on the mainframe - IBM
- 6.6. Hands-on experience with routing, networking, VLANs, VoIP, firewalls, and switching.
- 6.7. Good communication (verbal and written) strong interpersonal skills, and the ability to work in a team
- 6.8. Troubleshooting and issues-handling skills related to the network & cloud services
- 6.9. Be results-oriented and able to meet strict timelines for outputs and be self-motivated.
- 6.10. Excellent Public relations (PR) Skills and good analytical skills.
- 6.11. Good coordination and operational supporting skills.

7. Age Limit

- 7.1. Below 60 years as at the tender opening date.
